SIGILLER WINE PRESERVER®

Light indicator vacuum working phase

Light indicator for dead batteries, and error warning

Works with 2 AAA batteries (not included)

AUTOMATIC VACUUM SYSTEM FOR WINE BOTTLES

SIGILLER WINE PRESERVER is an innovative system that allows to **eliminate air** from inside a wine bottle blocking the process of oxydation.

Handy and simple to use: just place on the bottle-neck and the vacuum action **automatically** begins. At the end leave the **SIGILLER WINE PRESERVER** in place of the cap or cork.

This way you can keep the organoleptic characteristics and the aroma of the wine **longer**.

Article: 951	**EAN Code:** 8033011320692	**Master:** 4 pcs.
Color: black	**Cap size:** L 7,7 - H 8,0 - P 4,5 cm	
Weight: 89 gr		
Power: 2 AAA batteries (not included)		

CE RoHS Compliance
